A PUBLICATION OF BLOCK HOUSE MUNICIPAL UTILITY DISTRICT

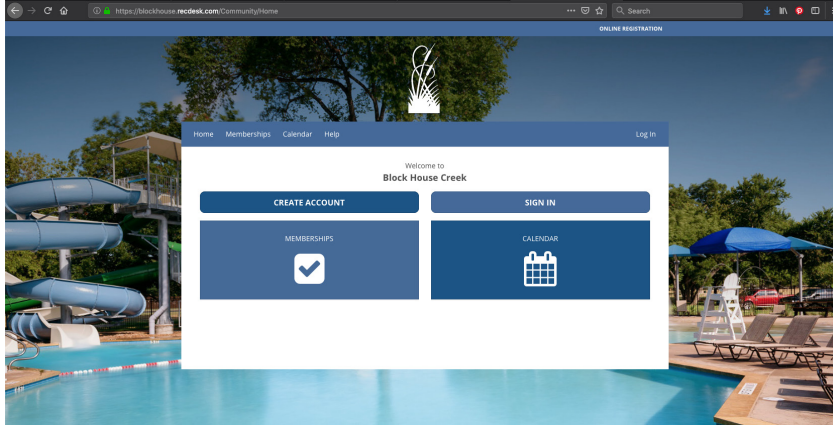

May 2019

Renew Pool Tags Online Now With RecDesk

Block House MUD is utilizing a new, online platform for pool tag registration and renewals: RecDesk!

Filling out long, complicated paper forms while you wait to enter the pool is a thing of the past; residents are now able to set up a secure account at <https://blockhouse.recdesk.com> to provide all the necessary information for obtaining pool tags on your computer or mobile phone. This will also enable you to quickly update your tags each year.

Once you have completed the application and waiver information, a notification will be sent to the pool staff, who will provide you with new pool tags on your next visit to the pool. After that, the barcode on your tags will simply be scanned each time you visit either of the pools. We are experiencing a slight delay in receiving the new tags, so please

watch for signs at the pool or posts on social media/MUD email when they are available to be picked up at Tumlinson Pool or the Walker House during office hours.

The RecDesk software will ask you to upload a photo or screenshot of your most current water bill, plus a photo ID (jpeg only). This will help ensure that only current Block House residents and their invited guests (up to five per household) are accessing our amenities.

Rest assured, your information and photos will be kept secure. The entire system is hosted on Amazon's AWS Cloud platform. The database layer uses SQL Server

2016 on Amazon RDS. Database access is limited to locked-down IPs within AWS VPC (virtual private cloud) and undergoes quarterly high-level security scans.

The RecDesk application is strong-password protected and is accessible only via secure (https) connection. No financial information is collected, and all uploaded documents are encrypted.

Please set up an account for your household at <https://blockhouse.recdesk.com> to be able to receive new pool tags and continue enjoying Tumlinson and Apache Pools this summer. **If you require any assistance with the website or prefer completing the hard copy version of the form and waiver, the lifeguards and MUD office staff will be happy to help you.**

Look Out for the Tidal Waves!

Our Tidal Waves Swim Team will be holding meets at Apache Pool on **May 18, May 25, June 8, and June 29**. Please use caution and patience in the area on these mornings, and be aware that the number of cars and young pedestrians will increase. Good luck Tidal Waves!

Stage 2 watering restrictions (two days per week) are in effect for Block House MUD

Block House MUD Board of Directors

Cecilia Roberts, President
Steve Bennett, Vice President

Basketball and Tennis Court Access Cards

The sport courts in Tumlinson Park are locked for the security of District residents and to minimize their use by non-residents. Climbing the fence or otherwise accessing the basketball court without a key is dangerous, destructive, a violation of the park rules (grounds for expulsion), and possibly a crime. Please make sure your children know why they should never climb the fence at the basketball court, and set a good example for them.

Obtaining a key is easy and free. Just bring a copy of your current water bill (you may even show us on your phone) and a photo ID to the Walker House during office hours (M, T, Th, F from 9am-1pm and Weds from 2-6pm). If you have questions, call 512-259-0959 or email walkerhouse@blockhousemud.com.

Leash Rules Protect Everyone

Block House MUD's park rules require dogs to be under their owner's control at all times, meaning they must be on a leash or confined to their owner's property. Be sure that your pets are on a leash and have proper identification at all times.

Leash rules exist to protect you, your pet(s), and others. Loose dogs can potentially be taken by strangers, hit by cars, attacked by wildlife, or lost. They can damage property, chase vehicles and small children, bite people, and attack other animals. Multiple loose dogs, though they may be friendly individually, may become aggressive in packs and have been known to attack and kill people. It's dangerous for your dog, you, and other people if you allow your pet to roam without a leash.

Please be advised that the Luther Chance baseball field in Tumlinson Park is NOT an acceptable area to let dogs run loose. All pets must be on a leash at all times while in the parks, going to, and coming from your home.

Planning to Make Changes Over the Summer?

Many homeowners are beginning to make, or at least think about, home improvement projects. The deed restrictions for all properties within Block House Creek require ACC approval of any exterior changes, including but not limited to landscape changes and changes to paint color, shingles, or fences. It is important to submit your request for review and approval prior to beginning a project. **There are no residential properties in Block House Creek that are exempt from deed restrictions.**

To download a copy of your deed restrictions and/or the required ACC request form, visit www.blockhousemud.com and click on the "Covenants" link at the top of the page. Information regarding required documentation and how to submit the form is provided on the website.
