

RECYCLING GUIDE

Here's a look at the materials that Texas Disposal Systems can recycle. Clip and save for easy reference on trash day .

WHAT WE CAN RECYCLE

WHAT WE CAN'T RECYCLE

HOW TO PREPARE

PAPER

Newspaper and the inserts that come with them.

Magazines, junk mail and phone books

Place at top of bin; they can be placed in a paper bag, but not in a plastic bag.

GLASS/CANS

Clear and Brown glass containers, aluminum cans, steel cans

Lightbulbs, aluminum foil, pie plates, food trays, window panes, dishes, Pyrex and green glass.

Please rinse thoroughly and remove all food residue.

PLASTIC

Plastic soda bottles, clear beverage containers, milk jugs. The containers must be marked (usually on the bottom) with a recycle symbol and the number 1 or 2.

Any other type of plastic: dishwasher detergent or detergent containers, juice containers or colored containers.

Please rinse thoroughly. To make more room in your bin, please crush the containers by stepping on them before placing them in the bin.
